Everybody wishes they could fly – until it happens.

When Emelynn Taylor wakes in the hospital, her injuries present Dr. Avery Coulter with a mystery. Who is this guarded young woman? How can she have injuries consistent with falling from a great height? Seemingly from nowhere? And why is she lying about it?

As Emelynn recovers, she wonders if her strange gift is instead a curse. The gift instilled incredible power within her—but she can't control it. And now her emerging ability to shed gravity has nearly killed her. Determined to master her gift, Emelynn enlists the help of Dr. Coulter. He introduces her to a secret society of others just like her. But the more she uncovers, the darker the true nature of this society becomes. Emelynn begins to question their motives and must rely on her barely controlled powers in a desperate fight for survival.
