Jane's nightmares are back—and this time, they've unleashed a brutal killer.

Jane Walker's nightmares aren't imaginary—they're glimpses into the traumatic past; and the past can be dangerous, especially now that Jane's protective birthmarks are gone.

Worse, she's no longer invisible within her dreams—and learns this the hard way while using her power to incriminate a ruthless killer. Inadvertently revealing her ghost form, she launches him on a relentless hunt to track her down.

Even more disturbing, Jane knows this man. She once tried to use her power to save him from injury, but instead set him on a path of violent crime. Now, he's targeted the man she loves, and Jane must keep one step ahead of this cold-blooded assassin before he gets rid of Ethan permanently.

Jane has one last chance to fix the mistake that altered this man's history, but that means taking her most dangerous dream journey yet—one from which she might never awaken.

Other Books in the series:

What if your lifelong curse is the only thing keeping you alive?

Abandoned at birth, life has always been a battle for Jane Walker. She and her best friend, Sadie, spent years fighting to survive Vancouver's cutthroat underbelly. That would have been tough enough without Jane's mysterious afflictions: an intricate pattern of blood-red birthmarks that snake around her body and vivid, heart-wrenching nightmares that feel so real she wakes up screaming.

After she meets the first man who isn't repulsed by her birthmarks, Jane thinks she might finally have a chance at happiness. Her belief seems confirmed as the birthmarks she's spent her life so ashamed of magically begin to disappear. Yet, the quicker her scarlet marks vanish, the more lucid and disturbing Jane's nightmares become—until it's impossible to discern her dreams from reality, and Jane comes to a horrifying realization:

The nightmares that have plagued her since childhood are actually visions of real people being stalked by a deadly killer. And all this time, her birthmarks have been the only things protecting her from becoming his next victim.

***Blood Mark* is the first in a brand-new paranormal thriller series by JP McLean, author of The Gift Legacy series and whose writing has been described as “. . . deftly crafted, impressively original, and inherently compelling from first page to last.”**
